Dear Reader,

This free booklet is an excerpt from the Introduction to The Rev. Dr. Johnnie Colemon's book, **It Works If You Work It**, available on Amazon as an e-book [here](#) or in soft cover at the Universal Foundation for Better Living Store [here](#)

The Rev. Dr. Johnnie Colemon received a prognosis of less than 6 months to live in the early 1950's. Believing that she didn't have to die, she began a spiritual journey that added more than 50 years to her life. She built the first Mega Church in the city of Chicago, Christ Universal Temple, and established an international ministry platform that continues today as The Universal Foundation for Better Living, Inc. In the excerpt you are about to read from her book, It Works If You Work It, Rev. Johnnie shares that you, too, should expect a miracle, even if you have been told that your situation is incurable or helpless. I took her advice in 1986 and It WORKED for me! Study the material, put the teaching to the test and dare to Expect A Miracle!

Enjoy!

Sheila R. McKeithen

EXPECT A MIRACLE

Expect a miracle. Prepare yourself for your healing. Look beyond the seeming pain in your body. Look beyond what the doctors have said. Don't look outside of yourself. Look within. Every thought and feeling is silent before Him. Wherever you are, the healing Presence of Jesus Christ is moving.

What we call a "miracle" is simply the perfect outworking of the Law of God. Expect it to happen in you right now. Speak to yourself silently, saying, "I am healed; praise God, I am healed!" In your home, in your office, in institutions, wherever you find yourself, you have mastery, authority, and dominion. There is power in your spoken word. "I am healed; praise God, I am healed!"

Forget about anything else. There is just you and God. Speak the word like you believe it, because you will receive according to what you believe—no more, and no less. And because God is ready to move in a mighty way through your body, your world, and your affairs, thank Him now wherever you are. Praise Him for the healing that you know is rightfully yours.

Did someone tell you that it is incurable? Get the word "incurable" out of your mind. I want you to know that the doctors told me that same thing. I am not telling you what somebody told me. I am not telling you what I read in a book. I am telling you what I know. And I want you to know that if it worked for me, it will work for you. I was told I had six months to live. That was in 1950. They were lying then, and it's the same lie now.

Keep saying that to yourself: It's a lie! It's a lie! You have to get those lies out of your mind; those lies that have been there day after day and year after year. It's a lie! I don't care what it is or what they call it. I don't care what it is, because I don't believe in anything but God; and as far as I'm concerned,

you can't have anything but God. Do you understand that? You can break through doubt, you can break through fear. You can do it, in the name and through the power that is in the name of Jesus Christ.

I stand as a witness to you. Realize that there is One Presence, One Power, One Body, One God—I don't care what the condition might try to be. Nothing and nobody can keep you from being the whole and perfect being that you were created to be.

No doctor can decide your life span for you. Only you can do that. You can be healed. Can you believe that with me? If you can believe that there is a power inside of you, waiting to burst forth, you are ready. Call on the Master Physician. He knows how to do it, and He has never lost a patient. God is ready for you when you are ready to be healed. Command that seeming condition to go from your mind, from your body, from your soul consciousness, in the name and through the power that is in the name of Jesus Christ. Talk to whatever it is that is trying to take over your body and say it like you mean it: "Get out of my body right now!" Receive your healing. Your faith heals you and sets you free right now. You are God's child, and He is still working miracles.

Work with yourself after you receive your healing, because some of those limbs or organs have not been used for a long time; you will have to practice using them again. God can heal anything, anytime, anywhere.
